Accounts and passwords

Passwords for company accounts must be at least 14 characters long. Passwords for administrator accounts must be at least 20 characters long. Passwords for company accounts must be changed every 90 days. Two-factor authentication is mandatory for remote access through the company VPN. Accounts are locked after 5 failed login attempts.

Devices and data

A lost or stolen company laptop must be reported to the IT service desk within 24 hours. All company laptops use full disk encryption. File servers are backed up daily, and backups are stored in a second data centre. Customer records are deleted 2 years after the end of the contract. Security awareness training is mandatory once per year.
